(*HH.318 500 -95 e32*).

**Chart 3114** | *previous update 3592 04* | WGS84 DATUM

Insert	submarine pipeline, -----, joining:	59° 19' 280N., 18° 03' 749E. (shore)
		59° 19' 397N., 18° 03' 748E.
		59° 19' 465N., 18° 03' 657E.
		59° 19' 523N., 18° 03' 606E.
		59° 19' 657N., 18° 03' 602E.
		59° 19' 661N., 18° 03' 650E. (bridge)

## Notes

A short pipeline. The tracing shows the turning points of the pipeline with small lines drawn across the symbol. Plot the positions of these or mark them through the tracing. Use a straight edge and draw the pipeline symbol, breaking it where necessary so that existing information on the chart is not obscured.
